WARREN W. EMORY, Town Clerk.

## REPORT OF SCHOOL BOARD.

---

We again present to you the result of another year's work in our schools. In our choice of teachers we feel that we have been fortunate. All have been good, some have been excellent. In selecting a teacher one should know the needs of the particular school in which she is to teach. In our different schools these needs are so varied that it can almost be said that no two call for just the same qualities in a teacher. This we had tried to bear in mind. With what success we leave you to judge.

In some cases we gladly note a goodly interest manifested in the progress of the scholars on the part of the parents, as has been proved by their frequent visits to the school room. It is hardly necessary to say that these are the schools in which the greatest advancement can be shown. Too much cannot be said on this point, for if the parent is desirous of seeing the child progress rapidly, he can by his active interest and coöperation with the teacher aid greatly in this particular.

In accordance with a recommendation of the town we have aimed that each school should have twenty-four weeks at least. This has been done with but three exceptions. In No. 9 the scholars are mostly young and come from a considerable distance, so when the weather became cold and the travelling uncertain we decided to close it after twenty-one weeks.

At the Centre we fully intended there should be three or four more weeks, but it was closed at the end of the twenty-third, owing to sickness in the family of the teacher. In our judgment it did not seem expedient to secure a stranger to complete the term. In No. 6 twenty-three weeks were preferred with Miss Leighton to the full amount with an ordinary teacher. The old geographies so long in use have been changed for Frye's, which are in every way up to date and are giving good satisfaction.

The old spellers, which were completely worn out, have been replaced by the New Normal series.

## STATISTICAL TABLE.
